

**Bob Jones University Investigation Announcement
Release of Final Report**

The Final Report for the Investigatory Review of Sexual Abuse Disclosures and Institutional Responses at Bob Jones University will be released at 11:00 A.M. on Thursday, December 11, 2014. The 300 page report will be available for review and download on the GRACE website.

The purpose of this independent investigation, at the invitation of Bob Jones University, was to address the responses of the university to instances of sexual abuse disclosed or otherwise known to the institution. As such, this comprehensive report contains painful disclosures by sexual abuse victims and strong language when describing the impact of the institutional responses to abuse disclosures. We caution readers who have their own histories of abuse that reading this report may trigger painful memories and you may find portions difficult to process. We urge you to take steps to care for yourself in protective ways, seek support and only read the report in a place of safety and with the encouragement of faithful companions.

The GRACE team continues to be amazed and humbled by this two-year journey. We have encountered some of the most amazing individuals who walk the face of this earth and consider each of them to be real life heroes. Thank you for allowing us into your lives.

As this historical process comes to an end, we continue to pray that the words of this report will fuel hope and healing in the lives of many as well as bring about transformational changes in the life of Bob Jones University. To that end, we look forward to having a front row seat at watching God work.

The GRACE Team
